

# For the Bible Student

People have noticed those whom have followed the government mandated mask wearing and vaccinations policies (which have been forced upon them) still get Covid. Despite all their policies and people's attempts, people still are getting Covid, cancer, and are depressed. How can one be assured of perfect health and happiness? What is the truth then?

The Bible Student knows the only truth is the Holy Bible. Exodus 15:26 states:

If thou wilt diligently hearken to the voice of the Lord thy God, and wilt do that which is right in his sight, and wilt give ear to his

commandments, and keep all his statutes, I will put none of these diseases upon thee, which I have brought upon the Egyptians: for I am the Lord that healeth thee. See also Psalms 31:9-10, 38:3-8, Matt. 15:11-18

From these scriptures, it is very clear that SIN ONLY is the cause of all disease(s). Sin is the violation of God's law (1 John 3:4). Matt. 15:11, 17-18 clearly prove Sin is contagious, not disease. Disease is the result of one violating God's moral and natural (health) laws. We rarely consider pornography, sexual immorality as a possible cause for prostate cancer in man (see 2 Chron. 21:12-20, Lev. 23:14-18).

# The Freedom of Choice

God has given to every person the freedom of choice. In a free society, people alone are responsible and accountable for their own safety, health, and their actions. Choices have consequences. Not all lifestyles are the same and ought to be respected. Blessings will result from obedience to God's laws and curses, diseases and calamities will result from disobedience to God's laws. The freedom principles dictate that you alone reap the rewards for your successes, and conversely you alone bear the consequences for your wrong choices (Ezek. Chapter 18). You may not transfer to me your failures or losses. The choices that an individual makes (including whom they associate with) determines his/her destiny in life. Genetics may load the gun, but you pull the trigger by the wrong choices one makes.

1 Thes. 4:3 For this is the will of God, [even] your sanctification, that ye should abstain from fornication: 4 That every one of you should know how to possess his vessel in sanctification and honour;

These verses have clearly defined and delineated that you are your primary care physician on this earth. The standard of health is holiness, which applies to your physical, mental and moral being. 2 Cor. 5:10 states that everyone will give an account according to all that he hath done in his body, whether [it be] good or bad. The

good news is that since God has required this standard, God has provided a way for man to attain His objective. God gave man right judgments, and true laws, good statutes and commandments: which if a man doeth he shall live in them (Neh. 9:13, 29). His way/means to health are easy and burden light (Matt. 11:28-30), even so a child is able to understand (2 Tim. 3:15-17, Matt. 11:25).

# The Doctor's Remedy

However, man has desired some other means and ways. CDC statistics from [nchs/fastats/drug-use-therapeutic.htm](https://www.cdc.gov/nchs/fastats/drug-use-therapeutic.htm): state that in 2016, 73.9% of Physicians office visits involved drug therapy, where 2.9 billion drugs were ordered or provided. The truth concerning drugs, the physician's solution: there is not a drug on the market today, which the manufactures does not claim a numerous list of potential side-effects. This is witnessed by the numerous deaths and many lawsuits against the physicians and drug manufacturers.

Further, the cost for medical treatments has become astronomical to a point where people cannot afford the treatments off and people are laden with a huge debt.

# Vaccinations and Masks

God has provided man with a physical covering, skin, to protect him from physical elements of the world. The skin provides a protective barrier against physical injury

and hazardous substances. Within this protective barrier of the skin, God made five entry points, orifices, through which objects foreign to our bodies may enter into our bodies; mouth (eating and breathing), nose (breathing), ears (hearing), eyes (seeing), and skin (pores). Man may not always be able to control what he sees or hears. However, Man has full control and determines what substances he puts into his mouth, inhales into his lungs, and enters through his skin.

God has provided for man's healing, and the means by which the human body receives, applies, imbibes the various healing elements. his lungs, and enters through his pores. The fine mesh masks clearly inhibit breathing in oxygen (and the free expelling of carbon dioxide) which places a burden upon the lungs. Now, consider the following thought in regard to vaccines. The skin is a natural barrier against pathogens, foreign objects. The injection of the vaccines into one's body evades, breaches, violates, penetrates, breaks through the skin's natural God-given defense against such pathogens. The injection violates the laws which God has defined for which external objects may enter into our bodies.

People consider bee stings, snake bites, insect bites, such as mosquito, has injurious to the body. The injection damages the skin itself in a similar manner. The injection is an assault against, is injurious to the body, and is no different than any other action which damages the body. The process which the

body eliminates the vaccine toxin from the system and the body heals itself from the vaccine place an extra unnecessary burden upon the body, which weaken the body's ability to defend itself against other intrusions. The vaccine weakens the body's constitution as the result of invasion of the pathogen introduced into the body.

Further, the vaccines contain ingredients, which if were ingested into the body for any other purpose outside of vaccination, the ingredients would be considered toxic to the body. PEG is an ingredient in the mRNA vaccine, and polysorbate is an ingredient in the J&J/Janssen vaccine. The manufacturer warn If you are allergic to PEG, you should not get an mRNA COVID-19 vaccine.

## The Common Good

The Common Good being promoted has an illustrious history. Consider John 11:47:

Then gathered the chief priests and the Pharisees a council, and said, What do we? for this man doeth many miracles. 48 If we let him thus alone, all [men] will believe on him: and the Romans shall come and take away both our place and nation. 49 And one of them, [named] Caiaphas, being the high priest that same year, said unto them, Ye know nothing at all. 50 Nor consider that it is expedient for us, that one man should die for the people, and that the whole nation perish not.

Enough said about their ideal Common Good. What knowledge (or authority) do these self-proclaimed experts possess

above you to determine what are the appropriate measures necessary to secure your health and safety? Or worse who are they to deny a person the freedom to pursue health choices according to the dictates of his conscience? People have the free will to wear (no one is stopping you) or not to wear masks. People have the free will to take the vaccine (no one is stopping you) or not to take the vaccine. No one may morally or lawfully force his will upon you.

## God's Purpose

What are we saying? Are we saying Cancer and Covid don't exist? It is not what we are not saying, but what we are saying: There is a God. God rules in the affairs of man (Dan. 4:17). God desires for every person to be healthy (Matt. 8:2-3, 3 John 2, 1 Thes. 5:23). God has provided a way for every person to be healthy in their body, mind and soul. God's ways are simple, easy, and non-burdening,

If you want to healthy, stop violating, and start obeying God's health and moral laws. The health laws are proper diet, exercise, rest, fresh air, drink plenty water, and above all temperance. Obey God's moral law, love thy neighbor as thyself (stop stealing, bearing false witness/lies, hatred, adultery, etc). If my people, which are called by my name, shall humble themselves, and pray, and seek my face, and turn from their wicked ways; then will I hear from heaven, and will forgive their sin, and will heal their land. (2 Chron. 7:14)
